

WHY SUPPLEMENT WITH HEXAPRO™ ?

As most hard-training athletes and fitness enthusiasts know, a critical factor involved in muscle recovery and growth is supplementing with the right amount of protein at specific times of the day. HEXAPRO™ is a high protein, lean meal solution to this protein timing issue. It's formulated with 6 superior proteins to continuously feed your muscles with clean, whole protein at a steady, sustained rate. With its thick, milkshake-like texture, you won't believe that you're getting 25 g of pure protein.*

DAYTIME

No time for a full meal? Need to satisfy your hunger and get you to that next full meal? HEXAPRO™ makes getting extra feedings into your schedule delicious and extremely convenient. HEXAPRO™ satisfies hunger & cravings without compromising your healthy diet.*

NIGHTTIME

The most neglected opportunity to repair and grow muscles is during sleep. Overnight is the longest period of time the body goes without protein intake. Research shows that consuming 20 g - 40 g of sustained release protein before bed stimulates muscle protein synthesis and limits muscle breakdown. HEXAPRO™ has been formulated with 6 of the best, most highly bioavailable proteins in an ideal ratio providing fast, medium and slow protein delivery, giving you an 8 hour sustained release of protein, while you sleep!*

ANYTIME

HEXAPRO™ is the perfect sweet treat, without cheating on your diet! Add milk and blend with ice for a delicious high-protein milkshake. Don't be a victim of unhealthy snacking again!
