ULTRA-PREMIUM 6-PROTEIN BLEND

As most hard-training athletes and fitness enthusiasts know, a critical factor involved in muscle recovery and growth is supplementing with the right amount of protein at specific times of the day. HEXAPRO™ is a high protein, lean meal solution to this protein timing issue. It's formulated with 6 superior proteins to continuously feed your muscles with clean, whole protein at a steady, sustained rate. With its thick, milkshake-like texture, you won't believe that you're getting 25 g of pure protein.

DAYTIME: No time for lunch? Need to satisfy your hunger before your next full meal? HEXAPRO™ makes getting extra feedings into your schedule delicious and extremely convenient. HEXAPRO™ satisfies hunger & cravings without compromising your healthy diet.

NIGHTTIME: The most neglected opportunity to repair and grow muscles is during sleep. Overnight is the longest period of time the body goes without protein intake. Research shows that consuming 20 g - 40 g of sustained release protein before bed supports muscle protein synthesis and may limit muscle breakdown. HEXAPRO™ has been formulated with 6 of the best, most highly bioavailable proteins in an ideal ratio providing fast, medium and slow protein delivery, giving you an 8 hour sustained release of protein, while you sleep!

ANYTIME: HEXAPRO™ is the perfect sweet treat, without cheating on your diet! Add milk and blend with ice for a delicious high-protein milkshake. Don't be a victim of unhealthy snacking again!
