ALLMAX®
ESSENTIALS

• PROFESSIONAL GRADE SUPPLEMENTS •

Nicotinamide Mononucleotide (NMN) is a precursor to Nicotinamide Adenine Dinucleotide (NAD+), a coenzyme involved in energy metabolism and essential biological functions. **NMN** helps support the maintenance of good health and provides antioxidant that protect cells against oxidative damage.*

As NAD+ levels naturally decline with age, **NMN** supplementation helps support healthy NAD+ levels in the body.*

ALLMAX NMN delivers a high-potency 500 mg **NMN** dose per capsule to support overall well-being.*

WARNINGS: For adult use only. Ask a health care practitioner for use beyond 8 weeks. Ask a healthcare practitioner before use if you are pregnant, breastfeeding, or if you have diabetes. Do not use if inner seal is missing or broken. Keep out of reach of children. Store in a cool, dry place.

CALIFORNIA WARNING: This product can expose you to chemicals including lead, which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information, go to www.P65Warnings.ca.gov.

ALLERGEN WARNING: Produced in a facility that also handles milk, soy, egg, peanut, tree nuts, wheat, sesame, fish, crustacean and shellfish products.
