PROTEIN**

25 G Protein. Powered by Peptides.

ISOLYFT™ is built for people who want protein that works hard and tastes great. Every scoop delivers 25g of high-quality scientifically formulated Protein Isolate Blend, lyfted with multiple peptide aminos to support muscle growth, recovery, and repair.*

What Makes ISOLYFT™ Different?

Protein Isolate Matrix = Smarter Absorption

Not all proteins digest the same - and that's a good thing. ISOLYFT™ blends fast, medium, and slow-digesting proteins to create a fast-to-slow amino release.*

That means:

- Quick protein availability when you need it*
- Sustained support between meals*
- Ideal post-workout or anytime protein fuel

ISOLYFT™ - ISOLATE-DRIVEN PROTEIN + PEPTIDES

Isolates are produced using additional filtration steps that increase protein purity while reducing carbohydrates and fat. The result is a cleaner macronutrient profile and more protein per scoop.*

The ISOLYFT™ peptide amino matrix includes:

- Hydrolyzed Whey Protein Peptides to support rapid amino acid availability*
- Glutamine Peptides to provide a stable, highly bioavailable source of glutamine*
- Leucine HCl to support the muscle protein synthesis signaling pathway*

2 FLAVORS AVAILABLE

Double Chocolate

Vanilla Ice Cream

DIRECTIONS: Blend, mix, or shake one rounded scoop with 5 to 8 oz (150 to 240 mL) of cold water or your favorite beverage. Adjust the amount of liquid based on your desired taste and consistency. Enjoy anytime you want an ultra-premium whole-food protein beverage.
