

ALLMAX[®] SPORT

BOOSTS FREE TESTOSTERONE & REDUCES ESTROGEN IN 7 DAYS!

TESTOFX SPORT contains elemental Boron which is a micronutrient shown in a clinical study to increase free-testosterone levels by 28% while reducing estradiol by 39% in just 7 days.^{A*}

TESTOSTERONE SUPPORT

TestoFX Sport is formulated using only high-quality, lab-tested and proven ingredients that synergistically work to improve strength and performance. TestoFX Sport is the ideal formula for all athletes looking to elevate their fitness level for any training plan or budget.

Zinc + Magnesium + Vitamin B6 (ZMA) - Both zinc and magnesium in combination with Vitamin B6 (ZMA) have been shown to reduce muscle fatigue and inflammation and support testosterone levels. Studies have suggested that ZMA supplements may not only assist in building muscle, they may also have a positive effect on your immune system, endurance and muscle recovery. Another ZMA benefit is it helps improve sleep quality and cognitive function.

TRIBIX90 - Scientific research has suggested that tribulus supplements may stimulate the body's production of luteinizing hormone which in turn promotes the production of testosterone, the key male hormone responsible for helping to add lean body mass, increase metabolism and support healthy libido or sex drive levels. The source herb in TRIBIX90[®] has been wild harvested by hand at peak season (just one specific month of the entire year!) to ensure the absolute highest levels of total concentrated alkaloids, a full 90% steroidal saponins - the purest and most concentrated active phytochemicals! Other lesser source tribulus products on the market are most often at most 40 to 45% saponins. Experience the power of wild crafted Tribulus backed by clinical laboratory testing. Studies on Tribulus benefits are ongoing to this day.*

Fenugreek - Some promising research has shown that taking fenugreek supplements may improve testosterone levels and symptoms related to low testosterone such as low libido.

Supplement Facts

Serving Size 4 Capsules
Servings Per Container 20

AMOUNT PER SERVING		%DV
Vitamin B6 (as Pyridoxine HCl)	10.5 mg	618%
Magnesium (as Magnesium Aspartate)	450 mg	107%
